For Display Size **4"~6"** Smart Mobile Devices

 **H5-Note**

For Display Size **4"~6"** Smart Mobile Devices

 **Placement**

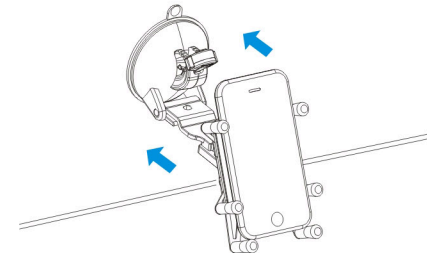

- a Windshield**
Can be placed on both driver and passenger side for multi-purpose use.
- b Dashboard**
Provides an added placement option depending on user preferences.

 **Instructions of Use**

1. Before using this product, please make sure you have cleaned the windshield or dashboard surface as to ensure best possible suction.

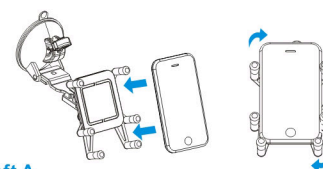

2. Place the circular suction plate onto the windshield or dashboard.

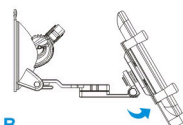

3. Push the suction lever towards the windshield or dashboard until it becomes fixed. To remove the suction plate, simply press both sides of the suction plate lever and pull upwards to activate the release mechanism.

 **360° Rotation**

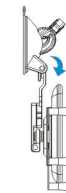

Shaft A
Place your smartphone device on the car mount and use the 6-patented supporting arms to fix your device into position. Once completed, you may rotate your device 360° to reach desired angle of viewing.

Shaft B
Provides up to 180° vertical viewing.

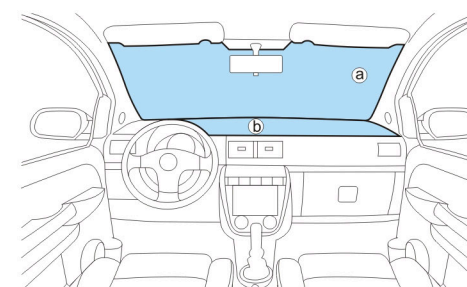

Shaft C
Provides up to 180° horizontal viewing.

Shaft D
Provides up to 120° swing viewing.

 **English**

- a Windshield**
Can be placed on both driver and passenger side for multi-purpose use.
- b Dashboard**
Provides an added placement option depending on user preferences.
